

TREY STARKS HAS PERFECT SCORE IN USCS SPRINTS ONEDIRT.com WORLD SHORT TRACK CHAMPIONSHIPS

CHARLOTTE, NC – October 22, 2016 – Trey Starks of Puyallup, WA was Mr. Perfect in the OneDirt.com World Short Track Championships for the United Sprint Car Series Outlaw Thunder Tour presented by K&N Filters on both Friday and Saturday nights at The Dirt Track at Charlotte Motor Speedway. Starks capped off the clean sweep of the weekend on Saturday night with the win in the 25-lap Comp Cams sponsored sprint car main event by leading wire-to-wire. It was the fourth win of the season for Starks during the 2016 20th Anniversary USCS Outlaw Thunder Tour. In two nights of competition, Starks seemingly had none. Starks started the Friday night action by setting fast time honors with a lap around the 4/10-mile clay oval in 14.748 seconds. After being inverted to the fourth position for the heat race start, he then led all eight laps to win the Engler Machine and Tool First Heat Race. That earned him the pole position for Saturday night's K&N Filters USCSPole Scramble. Once again, Starks went unchallenged, leading all 12 laps for the win and earning the K&N Filters Pole Award for the A-Main.

Dylan Westbrook of Scotland, ON Canada took the second spot in the main event and Dane Lorenc of Lancaster, NY finished third. Lance Moss of Cherryville, NC came home in the fourth spot and the defending USCS National Champion Morgan Turpen of Cordova, TN was fifth.

Kevin Roberts of Washington Court House, OH finished sixth and Michael Miller of Ocean Springs, MS was seventh. Jake McLain of Indian Trail, NC took the eighth spot. Brandon McLain of Indian Trail, NC started 22nd and finished ninth to earn the Wilwood Disc Brakes Hard Charger Award. Johnny Petrozelle of Lexington, NC rounded out the top ten.

In other Friday night preliminary action, the eight-lap Brown and Miller Racing Solutions Second Heat Race was won by 2015 USCS Rookie of the Year Nick Snyder of Marco Island, FL. The eight-lap Schoenfeld Headers Third Heat Race was won by Shawn Murray of Jacksonville, FL.

Starks took the lead at the start of the race that took three tries due to a false start and a stall by Eric Riggins Jr. of Charlotte, NC. Following Starks under the flagstand on lap one was Westbrook, 11-time USCS National Champion Terry Gray of Bartlett, TN, Moss and Glenn Styres of Oschwegen, ON, Canada.

Once the race got underway, it was stopped on lap four for debris. Starks remained the leader followed by

Westbrook, Gray, Moss and Styres. The fourth caution flag of the race came out on lap six when Snyder stalled in turn two. On the restart, Styres dropped back to the eighth spot, as Roberts, Miller and Lorenc got by him for the fifth, six, and seventh spots respectively.

Miller passed Roberts for the fifth spot on lap seven, and then Lorenc took over the fifth spot on lap ten. Starks, Westbrook, Gray, Moss and Lorenc remained in the top five until lap 16 when Gray suddenly slowed on the race track and brought out the caution flag on lap 17 with a cut tire. The top five for the restart was Starks, Westbrook, Moss, Lorenc and Miller.

Turpen passed Miller to move up to the top five on lap 18, and Lorenc got by Moss for the third spot on lap 20. Starks breezed home during the last five laps of the race to take a 3.784 second margin of victory over Westbrook at the checkered flag.

Eleven-time USCS National sprint car Champion, Terry Gray gave up the third position in the race and the National points lead when he had to pit for the tire change on lap seventeen. Gray recovered to the thirteenth spot by the end of the race, but, that gave the chase for the National title lead back to his team-mate Morgan Turpen. The two have been in a see-saw battle since mid-season.

The next event will close out the 2016 20th Anniversary United Sprint Car Series Outlaw Thunder Tour presented by K&N Filters. The USCS winged outlaw sprint cars will visit Riverside International Speedway in West Memphis, AR on Friday night, November 11, and on Saturday night, November 12 for the USCS Fall Nationals.
